

Request for Project Approval Master's Certificate Program

In order to meet the "writing requirement" of the Master's program it is first necessary to complete this form and return it to the Indiana Judicial Center. The project must be original, substantial, begun after you have signed up for the program, and be suitable for publication. The project should also be of benefit to the judiciary and the people of the State of Indiana. The type of project is up to you. A subcommittee of the Judicial Education Committee will review all projects and submissions, and will approve or reject same. If a concept or paper is rejected, suggestions will be made that hopefully will allow the concept or paper to be successfully resubmitted. The project must be approved by the committee before the submission is itself considered.

Name: _____

Court: _____

Topic for project:

Estimated length (a minimum of 5,000 words or its equivalent is suggested): _____

Type of project (newspaper article, law review article, outline for teaching subject, short story, play, poem, or other multi-media, etc.):
